## SUMMARY

Aspiring Backend Developer at GDSC AASTU with strong teamwork capabilities and knowledge in building and maintaining server-side applications. Proficient in collaborating with team members to develop efficient backend solutions, demonstrating a solid foundation in backend development principles.

## EXPERIENCE

### BACKEND DEVELOPER

GDSC AASTU

October 2023 - March 2024

## PROJECTS

### ABUGIDA TUTOR

GDSC AASTU CLUB

- A club dedicated to helping students learn programming languages and develop projects to showcase their skills. As a member, I worked as a backend developer using the Django framework, and our team achieved 3rd place in the AASTU Tech Fest hackathon competition.
- Developed comprehensive lesson plans and delivered engaging, interactive sessions to teach the Abugida script, resulting in a 25% increase in student proficiency within six months.

## EDUCATION

### B.Sc OF ELECTRICAL AND COMPUTER ENGINEERING

ADDIS ABABA SCIENCE AND TECHNOLOGY UNIVERSITY • ETHIOPIA, ADDIS ABABA • 2026

## CERTIFICATIONS

### INTRODUCTION TO COMPUTER SCIENCE

EDX, HARVARD • 2024

- This certificate changed my life with coding skill and creativity. It is basic knowledge for computer science student but for some people might be life changing.

### Certificate of Achievement in the hackathon

GDSC • 2024

### Certificate of Achievement for mt team in ranking among the top 5 projects

GDSC • 2024

## INVOLVEMENT

### SELECTED MEMBER

AASTU • GDSC AASTU CLUB • March 2024 - April 2024
